

LES JARDINS DE LA TOUR BLANCHE

Château La Tour Blanche is a First Growth of Sauternes classified in 1855. Besides its production of sweet white wines, this prestigious estate also produces Bordeaux wines including this dry white wine called Les Jardins de La Tour Blanche. Very expressive it reveals scents of citrus zest like lemon and bergamot, as well as blackcurrant notes. The palate is full and refreshing and the lemon aromas are still present with a touch of grapefruit and a high aromatic persistency.
